

Hackathon on Lightweight IoT Security

Paris, France | 21-22 May 2024

parishackathon.lakewg.org

Inria

OpenSwarm

Welcome to Paris!

- Mimicking an IETF Hackathon
 - Collaborative rather than competitive
- Work on progressing Internet standards
 - Specifications
 - Implementations
 - Interop testing
 - ...
- Thing-to-Thing Research Group (T2TRG) meeting starts at 17:00h
 - Breakout Room

Why are we here?

[IETF119 + IETF120] / 2 =

= [(1710545400 , (-27.4725 , 153.0177)) +
(1721493000 , (49.2843 , -123.1190))] / 2 =

= **Sat 18 May 2024 09:00, Maga, Cameroon**

[IETF118 + IETF121] / 2 =

= [(1714813200 , 50.0892 , 14.4372) +
(1730539800 , 53.3479 , -6.2396)] / 2 =

= **Sat 04 May 2024 11:00, Dirksland, The Netherlands**

Practicalities

- You are in the “Main Room”, building **C**
- The “Breakout Room” is in building **A** just across, 1st floor, room **A115**
- Coffee breaks just outside the Main Room
 - Please no food or drinks in the Main Room
 - Water fountain is available in the corner next to the vending machines
- Lunches on the 5th floor of building C
- Dinner for those who registered is tonight-Tuesday at 20:00h
- List of participants and their affiliations to be published on the Hackathon website
 - Please opt out if you do not wish to appear on the list by sending an email to paris.hackathon@inria.fr

Getting Organized

The background features a stylized illustration of Paris, including the Eiffel Tower, a bridge over a river, and various buildings. Overlaid on this is a network of light blue icons representing technology and communication, such as padlocks, Wi-Fi symbols, gears, and people icons.

- Project pitches by champions are next
 - Feel free to roam around :)
- Side meetings
 - Side meeting champions to schedule the meetings based on the availability of participants and the Breakout Room
- Quick round table for those who want to introduce themselves
 - After the end of the side meeting deck
